- (b) That the General Manager investigate, during the Event Service Delivery Review, the Georges River community event priorities.
- (c) That the General Manager investigate, during the Event Service Delivery Review, the feasibility of a Destination Event for the Georges River local government area in accordance with the Georges River Council Events Strategy.

Executive Summary

1. At the Council Meeting on 27 August 2018 Council adopted the recommendations contained within the Minutes of the Major Events Advisory Committee meeting held on Monday 9 July 2018. This included a recommendation that the General Manager investigate an events programme at Council's premium facilities.

Background

2. During the development of Georges River Council's Community Strategic Plan, consultation highlighted the following community priorities:
 - "Multicultural, harmonious community".
 - "Community spirit and sense of community (supportive, friendly people)".
3. The consultation process demonstrated the community's strong desire to promote the uniqueness of the Georges River community.
 - Youth wanted more community-based activity that engages youth knowledge and understanding of both community and politics.
 - The Culturally and Linguistically Diverse (CALD) communities wanted continued support for local community groups and organisations to enable them to provide services to community members.
4. In order to develop an event program in Council's premium facilities that meets community needs, further community engagement is required. This engagement will gather detailed insight into community needs and desires in relation to major or destination events within the Georges River area. This consultation process will take place as part of Council's Events Service Delivery Review. Consultation will provide insight into event types, suitable locations, target demographics and other opportunities to improve community satisfaction, event planning, facilitation and delivery. This data will also assist Council in developing a

new Destination Event specific to Georges River area in accordance with the adopted Georges River Council Events Strategy.

5. At the Major Events Advisory Committee meeting on 9 July, committee members suggested that Hurstville Oval could be further utilised for outdoor screenings of films. Council currently runs a successful ongoing event series called Starlight Cinema in March. The programming for Starlight Cinema for 2019 will now include the following sites:

Location	Ward	Month
H.V Evatt Memorial Park, Lugarno	Peakhurst Ward	March 2019

Event Concept	Details	Suggested Events
Addition to existing programs	Council has a current database of classical music lovers who associate themselves with the Music at Twilight concert series.	Opera or Symphony on the Green at Jubilee Stadium.

Cirque de Soleil for stadiums similar to the set up at the Entertainment Quarter in Sydney.

The following events are targeted at this cultural section of the market.	K-pop Pop music festival. Reintroduction of Jadeworld Carnival in partnership with Chinese television station, TVB Australia. Jadeworld is an Asian music channel that celebrates and promotes international Asian artists and music. TVB exports these popular artists to Australia for this event.
Young people	Council's Youth Advisory Committee have demonstrated interest in the following events at Jubilee Stadium.	E-Sports or an outdoor online gaming event (video games) are interactive electronic gaming competition/exhibition events in an outdoor setting. Good Life under 18s music festival. Good Life is the largest under 18s music festival in the world featuring international and Australian DJs. Drone Racing. Winter sleep-out and raising funds for homelessness.
Greek community	Of the non-English speaking community, Council's Community profile identifies that 5.4% of the Georges River community speak Greek at home.	Being Greek festival at Hurstville Oval in partnership with Greek Orthodox Parish and Church of Kogarah. In previous years, former Kogarah City Council sponsored this community-run event which attracts approximately 15,000 people to the area.

Financial Implications

7. Starlight Cinema outdoor screenings are within the 2018/2019 events budget allocation.
8. The budget impact for the expansion of events across the Georges River area and within Premium Facilities is subject to further investigation, following the completion of the Event Service Delivery Review.

Risk Implications

9. Council would be required to select one of the following options when considering the implementation of the ideas outlined in Item 6:

- a. Council wholly manages and accepts the inherent risk for the new major event without partnership with a community organisation, major sponsor or commercial partner.
- b. Council partners with event promoters for the new major event and mutually manages the inherent risks.
- c. Council undertakes an Expression of Interest to seek a third-party to wholly manage a new major event.

Community Engagement

10. Community engagement was conducted as part of the development of the Georges River Council Events Strategy 2018-2020 and Community Strategic Plan.
