

## Postcard Summary Results

What are the special characteristics of Georges River Council Area that contribute to the local identity?

- Low Rise buildings in Mortdale and Oatley - units NOT higher than 3 stories - should be included as medium density
- More trees - trees are not replaces
- Care of the parks
  
- Increasing density without increasing green space
- Swimming pools would be very short-sighted and will leave the future generations devoid of a healthy suburb/municipality
  
- One only has to look at the major development in Hurstville to know the major increase in population without any increase in green and open spaces
  
- Open green spaces and parklands make more acquisitions using section 94 pavements
- Access to water venues including aquatic centres in parkland - away from traffic
- Low density housing
- Not Towers
  
- Link to the infrastructure - suggest to increase frequency of trains from Hurstville station and Kogarah stations
- Recreation - upgrade the Carss park swimming pool with parking space for users of the pool and users of the nearby park
- Swimming pool building to incorporate rooms for exercise facilities such as pilates group/yoga
- Good that shops in Hurstville close late at night are open on the weekends
- Green space and water
  
- Large open spaces i.e. Carrs Bush Park
- Please don't build on existing open green spaces
  
- Carss Park
- Water Ways
- Majority of single dwellings
  
- Parks
- Waterways/swimming pools e.g. Carss Park
- Trees
- NOT overdevelopment/high rise/subdivision
  
- Carss bush park: Please don't overdevelop the park
- Harold Fraser Reserve: Please don't overdevelop. Get the SES to buy their own land

- Nearness to city
- Waterways, parks, reserves
- Current but Fragile shelter from intrusive development
- Traditionally open spaces
- Near water ways
- Lower density housing population
  
- Community gardens must have priority
- Recreation needs of the community well met
- Increased recreation facilities such as local pools
  
- Any heritage building right up to the 1980 preserved
- Have more green space like it was under the old Rockdale council president
- More shopping spaces by the Hurstville and Kogarah and Riverwood Population
  
- The green spaces
- Waterways
- Cultural Events
  
- Trees (large) and large blocks not subdivided
- Parks
- Waterways and swimming pool (Carss Park). NOT high rise and we vote!
  
- The joy of seeing families bonding in Carss park and at sportsfield. Boating programmes add to the atmosphere
  
- Shopping
- Safe
  
- Beach
- Transport close by to TAFE hospital but need express trains
- Shopping - small shops fantastic
  
- Access to hospitals
- Easy access to city /airport/beach/parks
- Plenty of shopping facilities
  
- Big space (Rockdale)
- Transport - train 15 mins
- Housing - easy to find
  
- People are friendly
- Good neighbours. Church
- Shopping handy (summing locally)
  
- Separate sheets of paper

- Whole LGA
- Free standing homes
- Water insufficiency
  
- Mortdale 2223:
- Water tanks in unit blocks
- Solar panels in unit blocks
- High rise buildings is a big NO NO
- Parks and Cycle tracks
- Desirability of parking in unit blocks
- Decent parking in unit blocks
- Decent nursing homes
- 2nd preference 'duplexes' with stair facility and private garden
- real concern in water shortage
- No 'medium' of 'high density' housing in Mortdale, we are already choking
